Mr. Butters,

This is a reminder that on April 9, 2014 the Division of Oil, Gas and Mining, sent to you a Division Directive instructing C. E. Butters Realty and Construction to update the Operation Plan and drawings for the Towers Sand and Gravel site. The deadline for this directive was May 30, 2014. As of that date, nothing had been received in response to that directive.

Please provide the information requested in the Division Directive as soon as possible. If no response to the directive is received, a subsequent site inspection will be conducted and if the activities addressed in the Directive are still occurring, a Notice of Violation may be issued.

Thank you for your cooperation with this matter.
